Letter of Recommendation

Hereby, PVN Sofia EOOD would like to confirm that we have worked with Glorient Investment BG Ltd. since 2007 and are fully content with the results and the level of professional abilities shown by the latter in relation to the rendered services.

Glorient Investment BG Ltd. has built on our assignment a bauMax DIY store that is the biggest on the Balkan Peninsula (ca 16 000 sq. m.) and which fully complies with our requirements and quality standards.

We would recommend Glorient Investment BG Ltd. without any reservation as a company that complies with the needs and requirements of the customer and pursues optimal balance between quality, efficiency and comfort.

Yours faithfully,

Dr. Christian Strasser
General Manager
